Subject: Sampling Policy

Hi Everyone,

I am a Drug Chemist with the Jefferson Co. Regional Crime Lab in Beaumont, TX. I attended the MS course during the Summer 2010 FSI Conference with you all. I am currently working on editing our sampling and sample selection policy in our Controlled Substance Manual. We are currently accredited under Legacy/ASCLD-LAB, but are moving towards ISO in the next few years. I was wondering if any of you could or would be willing to share your controlled substance sampling policy with me? Thanks for your help!

Rebekah Sweetenham
